

YACHT MANAGEMENT

BY UNDERWAY MARINE SERVICES

ABOUT

YACHTMANAGEMENT

All your years of hard work and dedication brought you here, to yacht ownership. Now it's time to kick back, relax, and let us take the helm.

With a proper set of processes in place, curated by experienced captains and yacht builders such as ourselves, a YachtManagement package makes time spent onboard your yacht relatively worry-free.

With a turn-key YachtManagement package by Underway Marine Services, all your maintenance, documentation, billing, and warranty concerns are handled by experts. We not only provide superior upkeep of your yacht, we also handle logistics related to your unique boating style.

WHY YACHTMANAGEMENT

*We take the helm with only one goal in mind ...
your freedom and enjoyment at sea!*

The majority of yachts do not require a full-time crew, which can be expensive to say the least.

And part-time crew members seldom possess the skills and experience vital to solving the wide variety of issues onboard.

Furthermore, not every captain comes with expertise at billing and at negotiating with vendors and shipyards ... or even at managing crew. Such tasks typically then fall on either you, the yacht owner, or your staff.

The proper YachtManagement package gives you all the services listed above, and trained crew as-needed (or even full-time) for all your upcoming excursions.

“ We no longer worry about logistics and issues with our yacht. Underway Marine handles everything. ”

“ During hurricanes, it is extremely challenging to take care of our family, our business and our yacht. With Underway Marine, we have peace of mind during major storms that our yacht is safe and secure. ”

“ Our friends at Underway Marine always seem available to assist with everything we need to make our time on the water truly enjoyable. ”

“ It is such a wonderful feeling to go back to our home country many miles away, and know that our yacht is being expertly taken care of. ”

TESTIMONIALS

OUR VALUED CLIENTS

Smiles from our valued clients is always priority #1. We provide superior customer service to our clients, and VIP treatment to their yachts, so memories of each adventure at sea become engraved in their hearts.

BENEFITS

OF YACHTMANAGEMENT

With the proper YachtManagement package, yacht ownership becomes worry-free and cost effective.

Imagine all the free time you'll reclaim by no longer having to book marinas over the phone, or worrying about repair work at the yard, or hiring crew ... just to name a few.

Our team of management experts are ready to handle every situation imaginable. We help bring you and yours back to the excitement and adventure you deserve from yacht ownership.

YACHTVIP

Support for both your yacht and crew, with a splash of preventative maintenance. We handle the heavy lifting, the detail work, and everything in-between, to free up your crew to shine at what they do best.

Comprehensive yacht care ideal for owners who desire to remain involved with the management of their yacht but free from any hassle or worry.

Our A-Z, turnkey package, combining the best of both worlds. Interior and exterior, priority hurricane protection, preventative maintenance, billing & warranty support, and so much more.

CREW

ON-DEMAND

A well-maintained yacht is essential for every big adventure. It's not complete, however, without the right crew at the helm.

That's why we go above and beyond to ensure genuine chemistry between yacht, owner and crew.

Hiring a full-time crew is a challenging process, and can quickly go south if the right crew is not selected. We provide professional crew ... full-time, part-time or even on-demand ... with real experience and real chemistry with you and your yacht.

THANK YOU

On behalf of myself, my wife Tatyane and the rest of the crew at Underway Marine Services, we thank you wholeheartedly for your time and for the opportunity to serve your yachting needs.
